Observe always that everything is the result of a change.

Variety's the very spice of life,
That gives it all its flavor.

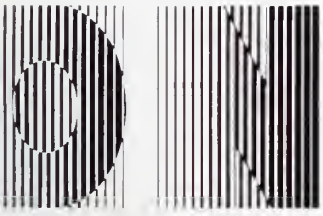

— Cowper
Is any man afraid of change?
Why what can take place without
a change? When then is more
pleasing or suitable to the univer-
sal nature? . . . And can any-
thing that is useful be ac-
complished without a change?

Washington-Lee is evolving into a new school with the installation of a new principal, the reconstruction of the school building, and the adoption of a new constitution.

Mr. O.U. Johansen has served his last year as principal at W-L. He will be replaced next year by Dr. William Sharbaugh. We are grateful to Mr. Johansen for his fifteen years of devoted service at our school and for the many contributions he has made over the years.

You learn something new every day if you start out stupid enough.

I wanted to write something on the wall so I did.

Nomatter how bad the day seems, it's always dark at night.

We, the willing,

Are doing the impossible
For the ungrateful,
And have done so much,
For so long,
With so little,
We are now qualified
To do anything

CONSTITUTION

Last year the Student-Faculty Senate revised the existing constitution. The new form of student government went into effect this year, with Lucy Dunaway serving as president of the Student-Faculty Cooperative Association.

Our school is undergoing these changes at a significant time in United States history. 1976 is a year we will never forget, the bicentennial year. Students are constantly reminded that this is the nation's 200th birthday. Hurray for the red, white and blue!

The American flag is like a good shoe because it takes a lot of abuse and still holds up.

FROM 1961 TO 1976

Mr. Johansen has been dedicated fifteen years to W-L. The faculty and student body of past and present would like to thank him for a job well done.

W-L DID SHINE!

Dear Students of Washington-Lee:

In years past my letter in the **Blue And Gray** has been addressed to departing seniors, but since my professional relationship with all of you will end with the current school year I would like to say a special farewell to sophomores, juniors and seniors alike.

I would like to leave just one thought with you. It is this: No society can succeed which does not utilize the full potential of its citizens, and with this in mind I have always made it my principal business to nurture a climate which gives rise to the pursuit of excellence. If I were to leave no other mark on the institution I have served for the past fifteen years I would wish that to be my legacy.

I shall always remember W-L with special affection. Its great traditions and its indomitable spirit will continue to be very much a part of me.

REVOLUTION

Words and Music by John
Lennon and Paul McCartney

You say you want a revolution,
Well you know,
We all want to change the world.
You tell me that it's evolution,
Well you know,
We all want to change the world.
But when you talk about
destruction,
Don't you know that you can
count me out,
Don't you know it's gonna be
alright, alright, alright.

You say you got a real solution,
Well you know,
We'd all love to see the plan.
You ask me for a contribution,
Well you know,
We are doing what we can.
But when you want money for
people with minds that hate,
All I can tell you is brother you
have to wait.
Don't you know it's gonna be
alright, alright, alright.

You say you'll change the
constitution,
Well you know,
We all want to change your head.
You tell me it's the institution,
Well you know,
You better free your mind

Don't you know it's gonna be
alright, alright, alright.
Alright, alright, alright, alright,
alright, alright, alright!
